Come for the software, stay for the community

Drupal is an open source content management platform powering millions of websites and applications. It's built, used, and supported by an active and diverse community of people around the world.

Why Choose Drupal?

Use Drupal to build everything from personal blogs to enterprise applications. Thousands of add-on modules and designs let you build any site you can imagine. Join us!
Get Started with Drupal

Drupal Distributions

Distributions are a collection of pre-configured themes and modules for feature-rich web sites giving you a head start on building your site. Build your own online communities, media portal, online store, and more!

Learn about Distributions

Sites Made with Drupal

Gemini Lights

Drupal is used by some of the biggest sites on the Web, like The Economist, Examiner.com and The White House. Read more Drupal case studies.

Develop with Drupal

8 Drupal™

Help build Drupal 8. We are already hard at work. But we need your help to **develop**, **design** and **test** the next version of Drupal.
Get started now.
